KFM 94.5 and Real Concerts Proudly Present Art Garfunkel Live at Kirstenbosch

Internationally acclaimed singer and songwriter Art Garfunkel will perform live in South Africa in a one-off Cape Town performance on 30 November 2001 at Kirstenbosch Gardens brought to you by KFM 94.5 and Real Concerts.

Although it has been 30 years since Art Garfunkel recorded *Bridge Over Troubled Water* as part of the Simon & Garfunkel duo, Art Garfunkel's image and signature vocals remain among the most instantly recognisable in popular music.

Simon & Garfunkel started performing at the height of the folk music boom in late-1963, and within a year were signed to Columbia Records. Simon & Garfunkel maintained a tireless pace in the recording studio and on the road, reaching a wide and loyal international audience. From 1964 to 1970 they recorded a groundbreaking string of classic LPs (*Wednesday Morning 3 AM*, *Sounds Of Silence*, *Parsley, Sage, Rosemary and Thyme*, *The Graduate*, *Bookends*, and *Bridge Over Troubled Water*) and an equally impressive body of songs, many of which became pop standards, among them; *The Sound Of Silence*, *Scarborough Fair*, *Mrs. Robinson*, *The Boxer*, *Bridge Over Troubled Water*, *Cecilia* and *El Condor Pasa*.

As a solo singer-songwriter, Garfunkel has ten solo albums to his credit and has appeared in half a dozen films. He has also gained a wide and loyal international audience and continues to tour in the USA, Far East and Europe. For his South African performances, Art Garfunkel has promised to perform a selection of songs from the Simon & Garfunkel days.
